

## We are hiring

Would you like to be part of our dynamic, global, and growing team? South Pole Group is an energetic, global company offering comprehensive sustainability solutions and services. With offices spanning all six continents, we strive to create a sustainable society and economy that positively impacts our climate, ecosystems and communities. With our solutions we inspire and enable our customers to create value from sustainability-related activities.

To further promote environmentally and socially responsible practices, we are currently looking to recruit a highly motivated and dedicated

### **Consultant Sustainable Investments (100%) based in Mexico City, Mexico**

Sustainability challenges are rising on the agenda of political and business leaders worldwide. Complex sustainability problems require coordination between different local actors, as well as along the value chain of our clients. As a globally leading sustainability solution provider, South Pole Group enables clients to understand their impacts and risks, formulate succeeding strategies and take action on the ground. Within this context we are currently looking for a Consultant who will act as a Project Manager and is responsible for the overall management of proposals and projects. He/she will ensure proposals/deliverables are prepared/finalized and that they meet the quality standards required by South Pole Group and the client.

#### Tasks and responsibilities

- Planning, coordination and management of project and consultancy mandates related to sustainable investments
- Delivering high-quality consultancy reports in English
- Design of project work plans, schedules and budgets
- Leading of assignment-specific, international teams composed of internal and external experts and organisations
- Supporting the acquisition of new mandates through the preparation of proposals
- Execution of research tasks in areas of sustainable finance
- Impact assessments on climate change risks of investments and assets
- Developing concept and methodologies for new corporate consulting opportunities within the topic of sustainable investments

#### Your profile

- A university degree, ideally in Economics, Sustainable Finance or related disciplines
- At least 3 years of relevant work experience in project management and business development with regard to consulting in sustainable finance and investments
- Sound understanding of sustainability challenges and climate impact discussion in finance and investments, especially with carbon foot printing assessments for investments
- Specific experience in understanding and working with different asset types is of advantage
- Awareness of current policy developments with regard to divesting and sustainable investment disclosure regulations
- Proven knowledge and network in the relevant fields
- Excellent oral and written command of English and Spanish; German and French language skills are of advantage
- Good project management, proposal writing and presentation skills
- Diligent, reliable and independent approach to work and ability to act as a team leader in a multicultural environment

- Commercial skills and good business sense to be able to identify and seize opportunities in a challenging and competitive market environment
- Experience in the usage and knowledge of Bloomberg applications and terminals will be highly valued and advantageous

#### We offer

- Excellent team spirit
- Be part of a growing and multi-cultural company
- Work autonomously as well as within a large and international team

#### Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Please send your cover letter and CV in English and in one pdf file to Ms. Mo Teng Yuen, HR Assistant, [hr@thesouthpolegroup.com](mailto:hr@thesouthpolegroup.com), specifying Consultant Sustainable Investments in the subject field of the e-mail.
