Job Description Summary

Performs highly routine (journey-level) data analyses and creative solutions to support regional and state water planning and implementation of the state water plan and agency funding programs. Work involves collecting, analyzing, and furnishing data to regional water planning groups, the legislature, media, and other internal agency and external public stakeholders. This position includes, but is not limited to: synthesizing detailed and specialized water planning data; developing reports; assisting in developing new ways to analyze, present, and consume planning data such as geo-enabling water planning data for public use; development of data content for the regional water plans; supporting the agency regional water planning staff; and, developing and analyzing data to support development of the state water plan. Assists with the development and maintenance of the regional and state water planning database and the associated computer applications used to collect data from regional water planning groups. Reports to the Manager, Water Use & Planning Data while working under moderate supervision, with limited latitude for the use of initiative and independent judgment.

Essential Job Functions

- Responds to regional and state water planning data requests from the legislature, the Board and other key stakeholders by analyzing data sets and querying existing databases.
- Consults and collaborates with appropriate staff to define data specifications, analyses, and data reporting methods.
- Designs, queries, and compiles reports using regional water planning data.
- Performs quality assurance/quality control review of data sets to improve the integrity, effectiveness, and usefulness of the data.
- Assists in the management of the regional and state water planning data.

Female and minority applicants are encouraged to apply.

Males born on or after January 1, 1960, will be required to present proof of Selective Service registration on the first day of employment or proof of exemption from Selective Service registration requirement. All offers of employment are contingent upon the candidate having legal authorization to work in the United States. Failure to present such authorization within the time specified by the U.S. Department of Labor will result in the offer being rescinded. Candidates must be eligible to work in the United States without requiring sponsorship. Only applicants interviewed will be notified of their selection or non-selection. Resumes will not be accepted in place of a completed State of Texas application unless indicated.

The Texas Water Development Board does not discriminate on basis of race, color, national origin, sex, religion, age, or disability in employment or provision of services, programs, or activities. Please visit TWDB Career Page: <http://www.twdb.texas.gov/jobs/> for more information.

TWDB participates in E-Verify! Information from each new employee's Form I-9 will be provided to the Social Security Administration (SSA) and, if necessary, the Department of Homeland Security (DHS) to confirm work authorization.

HR-002 (Non-Supervisory)
Revised 09/10/2019

The TWDB is in compliance with the Americans with Disabilities Act and makes reasonable accommodations for applicants and employees with disabilities. If a reasonable accommodation is needed to participate in the job application or interview process, to perform essential job functions, and/or to receive other benefits of employment, please contact the Human Resources Division for assistance at (512) 475-2142. Deaf and hard of hearing applicants may contact our office via Relay Texas at 1-800-735-2989 (TTY/TDD).
