

Water Resources Engineer – Hydrometrics (5 year term)

Division: Science and Licensing

Unit: Hydrometrics

Location: Moose Jaw, Saskatoon or Regina

Competition Number: WSA-55-2022/23

Salary:

- Management Class 3 - \$64,944 - \$81,144 (Annually) – Engineer-in-training
- Management Class 5 - \$79,932 - \$99,912 (Annually) – P.Eng and 4 yrs of related experience
- Management Class 6 - \$86,304 - \$107,904 (Annually) – P.Eng with 6 yrs of experience as P.Eng

WSA is searching for an enthusiastic individual to join the Hydrometric team of technical and professional staff performing this important work.

Reporting to the Manager, Hydrometric Services, an employee in this position will provide engineering oversight and support for the WSA Hydrometric Network that includes design, project engineering and life-cycle management of WSA hydrometric stations. This employee will also provide engineering oversight for the collection, calculation, and production of hydrometric data and for bathymetric surveys of waterbodies. This employee will undertake work assignments within Water Security Agency (WSA) as a Professional Engineer.

The successful candidate will have a Degree in Civil Engineering or a similar engineering discipline and registration with the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS) as a Professional Engineer.

“Need a Career? Just add Water!”

At the Water Security Agency, you'll have more than just a job - you'll build a rewarding career. Whether you're managing water supply, protecting water quality or ensuring safe drinking water, you can be confident that the work you do will help to support a strong and growing Saskatchewan. Become a member of the team that is committed to being the best water management agency in North America.”

We offer rewarding career opportunities, competitive salaries and a comprehensive benefits package.
