

## TECHNICAL ASSISTANT GROUND WATER SERVICES

Competition Number: 2023-GWS-01

Number of positions: 1

Location: 1 - Moose Jaw, SK

Wage: \$22.41 - \$24.35 per hour

Term Date: May 1, 2023 - August 31, 2023

An employee in this temporary summer position will function as a Technical Assistant. This position undertakes activities in support of various duties in support of groundwater management.

Duties and responsibilities include:

- Assisting senior staff with operating and maintaining the Provincial groundwater observation well network, installing telemetry equipment;
- Supporting and participating in field activities, organizing, maintaining and troubleshooting equipment;
- Analyzing pumping test data to ensure aquifer sustainability;
- Processing and interpreting geophysical logs from water wells;
- Data input into the groundwater database system;
- Identifying and reporting data discrepancies to ensure accuracy;
- Working safely by participating in workplace safety.

### Qualifications and Requirements:

The ideal candidates will be a current or graduate student from a university in the discipline of geology or engineering with knowledge in hydrogeology. There is a particular interest in drawing current students from University of Saskatchewan, and University of Regina with training or experience in the geosciences, environmental and geological engineering.

Work may require considerable travel, an irregular work schedule and, on occasion, extended absences from headquarters with overnight stays for up to one week. Travel, sustenance, and accommodation costs will be provided when required to work away from headquarters.
