

TECHNICAL ASSISTANT - Irrigation Development

Competition Number: 2023-IDU-01

Number of Positions: 1

Location: Moose Jaw or Saskatoon

Wage: \$22.41-24.35 per hour

Dates: May 1, 2023 – August 31, 2023

The Water Security Agency (WSA) is seeking a motivated, enthusiastic, self-reliant temporary Technical Assistant to support irrigation development. This position will work on the Lake Diefenbaker Irrigation Expansion Projects as well as other projects in the province. Duties and responsibilities include:

- Support the engineering and project management activities of staff;
- Provide coordination for various irrigation and water resource management projects;
- Assist in the development of tender and construction documents including requests for proposals, study terms of references and engineering specifications;
- Conduct field inspections and investigations.

Qualifications and Requirements:

The ideal candidate will be a current student or recent graduate from a college or university in the discipline of engineering. There is a particular interest in drawing current students from Saskatchewan Polytechnic, University of Saskatchewan, or University of Regina with training or experience in civil or environmental engineering.

The following skills and experience would be considered assets:

- Experience with project management and project coordination practices;
- Experience with procurement including RFP development, proposals, specifications, and contracts;
- Familiar with current farming practices and irrigation;
- Good communication skills and ability to work well within a team or independently as required.

Opportunity to be part one of Saskatchewan's biggest infrastructure projects – The Lake Diefenbaker Irrigation Expansion Project's
Gain skills and experience in project management, coordination, hydrology, irrigation development, and water resource management.
