

## TECHNICAL ASSISTANT Surface Water Quality

Competition Number: 2023-SWQ-01-04

Number of positions: 4

Location: 2 - Saskatoon, SK and 2 – Regina, SK

Wage: \$22.41 - \$24.35 per hour

Dates: 2 positions - May 01 – August 31, 2023 (Regina)  
2 positions - May 01 – August 31, 2023 (Saskatoon)

An employee in this temporary summer position will function as a Technical Assistant. This position undertakes activities in support of surface water quality monitoring projects not exclusive to Lake Diefenbaker, the Qu'Appelle Watershed, recreational lakes, the North and South Saskatchewan rivers, and streams throughout south-central Saskatchewan.

Duties and responsibilities include:

- Preparing for field activities, and organizing and maintaining equipment;
- Collecting water samples in accordance with accepted scientific water quality monitoring procedure and protocols;
- Managing water quality data collected manually or electronically in accordance with established procedures;
- Identifying and reporting data discrepancies to ensure accuracy;
- Working safely by participating in workplace safety.

### Qualifications and Requirements:

The ideal candidates will be a current or recent graduates from a college or university in the discipline of biology or environmental studies. There is a particular interest in drawing current students from Saskatchewan Polytechnic, University of Saskatchewan, and University of Regina with training or experience in aquatic ecology or environmental engineering.

Work may require considerable travel, an irregular work schedule and, on occasion, extended absences from headquarters. Travel, sustenance, and accommodation costs will be provided when required to work away from headquarters.
