

Engineer II, Asset Management (18 Month Term)

Division: Infrastructure

Branch: Infrastructure Planning

Location: Regina, SK

Salary (Annually): \$93,408 - \$116,760 (MC6)

Competition Number: WSA-16-2025/26

Candidates who do not have the required years of experience may be considered and evaluated based on their relevant experience to determine their appropriate level.

Are you motivated by doing meaningful work and being part of an organization committed to learning and growth? Come join our diverse and passionate team of professionals as an Engineer!

We are looking for a dedicated Engineer who demonstrates a balanced blend of technical proficiency, analytical thinking, effective communication, and a commitment to ownership, accountability, and ethical professional standards.

We are seeking a candidate with demonstrated experience in developing and writing asset management policies, guidelines, processes, and procedures.

The ideal candidate will possess strong communication skills to effectively engage stakeholders and gather input from various perspectives to inform well-rounded and practical policy documents. Experience in writing Asset Management Plans is highly desirable and will be considered a strong asset in this role.

As an Engineer, you will assist in the development,

implementation and delivery and maintenance of the Infrastructure Asset Management Program and provide support for other water management infrastructure projects. You will also integrate project work plans, track costs, forecasts and budget for infrastructure projects as well as prepare professional service agreements and documents.

The successful candidate will have a degree in an Engineering discipline, a license to practice professional engineering from the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS), and 10 years of related experience.

This role is subject to a satisfactory criminal record check. We offer rewarding career opportunities, competitive salaries, and a comprehensive benefits package.
