

Manager, Hydrology Services

Division: Science & Licensing

Unit: Hydrological Science

Location: Saskatoon, SK

Salary (Annually): \$108,948 - \$136,200 (MC8)

Competition Number: WSA-33-2025/26

We are looking for a results-driven leader with a solid background in hydrology. You will bring strong analytical skills, a proven ability to lead complex projects, and a collaborative approach to working with diverse teams and clients.

In this role, you will lead and manage hydrological services provided to clients ensuring timely, accurate and concise information is provided to the public, rural municipalities, communities, and other government departments; ensuring the services provided align with the corporate goals and responsibilities.

You will provide corporate leadership, professional engineering advice and technical services related to the science of hydrology and its application within the Water Security Agency (WSA) and its stakeholders. You will lead one of two Hydrology Services units and will plan, coordinate, and direct the activities of professional engineering and engineering specialists providing hydrology services to a variety of internal and external clients.

The successful candidate will have a degree in engineering or related discipline, a license to practice professional engineering from the

Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS), and 8 years of progressively more responsible directly related experience in hydrology, watershed modelling, and hydraulic analysis of rivers, lakes, and reservoirs. A graduate degree is an asset.

This role is subject to a satisfactory criminal record check.

We offer rewarding career opportunities, competitive salaries, and a comprehensive benefits package. To learn more about the work we do, visit wsask.ca

To Apply:

Please submit a cover letter and detailed resume by **5:00pm on October 14, 2025** to:

Human Resources

Water Security Agency

4th Floor, 111 Fairford Street East

Moose Jaw, Saskatchewan S6H 7X9
