

GIS Analyst **(Temporary 8 Months)**

Division: Science & Licensing

Location: Moose Jaw, SK

Salary: \$27.41 - \$ 34.26 per hour

Competition Number: WSA-54-2025/26

Are you passionate about doing meaningful work? Do you care about water as one of our most important resources? The Water Security Agency is seeking a GIS Analyst to join our Science & Licensing team.

In this role, you will support the development and maintenance of WSA's enterprise data repository, ensuring data quality, integrity, security, and accessibility for internal teams and external partners. You will conduct quality control processes, manage data conversion and loading to geo-databases, develop and maintain metadata, monitor data currency, and support user access and back-up requirements. You will also provide hands-on technical support to staff across the organization.

As part of a collaborative team of geomatics technologists and professionals, you will contribute to the design and development of custom GIS applications—assessing client needs, researching solutions, developing prototypes (including coding), and documenting both technical and user-facing materials.

The successful candidate will have a Degree in Geography, Environmental Sciences, Planning, Computer Science, Water Resources Engineering or a similar discipline with an emphasis in GIS and other geomatics applications.

This role is subject to satisfactory criminal record check.

We offer rewarding career opportunities, competitive salaries, and a comprehensive benefits package.

To learn more about Water Security Agency and the meaningful work we do, visit wsask.ca.

To Apply:

Please submit a cover letter quoting the competition number **WSA-54-2025/26**, a detailed resume by **5:00pm March 12, 2026** and email hr@wsask.ca

We would like to thank all applicants for their interest; however, only those selected for an interview will be contacted.
