

## ***Engineer II, Approvals***

Division: Science & Licensing

Location: Moose Jaw, SK

Salary: \$95,280.00 - \$119,100.00 Annually

**Competition Number: WSA-55-2025/26**

*Candidates who do not meet all the qualifications will be considered and evaluated based on their relevant experience to determine their appropriate level.*

Are you passionate about doing meaningful work? Do you care about water as one of our most important resources? Join the Water Security Agency's Science & Licensing team as an Engineer II, Approvals.

In this role, you will review and evaluate applications for Permits to Construct drinking water and wastewater treatment, distribution, and collection systems, ensuring compliance with The Environmental Management and Protection Act, The Waterworks and Sewage Works Regulations, applicable guidelines, and sound engineering practice. You will develop permit requirements and issue approvals that support sustainable growth while maintaining high standards of environmental and public health protection.

Beyond permitting, you will contribute to the development and modernization of protocols, standards, and regulatory tools, including updates to the Saskatchewan Environmental Code. This position also involves reviewing complex or high-profile applications, addressing public and stakeholder concerns, resolving technical

challenges collaboratively, and preparing briefing materials and ministerial responses.

If you are an engineer who values technical excellence, sound judgment, and meaningful public impact, this is your opportunity to help ensure Saskatchewan remains a safe and secure place to live—now and into the future.

The successful candidate will have a Degree in Environmental Engineering or similar discipline with a focus on drinking water and wastewater treatment, a license to practice professional engineering from the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS), and at least 4 years of directly related experience in the design, construction and/or evaluation of drinking water and wastewater facilities.

*This role is subject to satisfactory criminal record check.*

We offer rewarding career opportunities, competitive salaries, and a comprehensive benefits package.
