

Agriculture Water Management Specialist

Division: Agriculture Services & Economic Development

Unit: Approvals North

Location: North Battleford, SK

Hourly Wage: \$41.29 - \$51.64 (Classification 9)

Competition Number: WSA 08-2026/27

Are you motivated by doing meaningful work and being part of an organization committed to learning and growth? Come join our team of professionals as an Agriculture Water Management Specialist!

This role supports responsible agricultural drainage within resilient watersheds. You will work directly with clients and stakeholders to develop and advance agriculture water management projects that improve farm efficiency and support economic growth, while managing impacts to water quality, downstream flooding, and habitat.

In this position you will use strong technical and project management skills, you will collect and analyze data, complete assessments and technical reviews, conduct field inspections, and ensure projects comply with legislation, policy, and funding requirements. Success in this role requires excellent communication, a collaborative approach, and the ability to clearly explain complex information to support compliance, education, and innovative, practical solutions to complex water management challenges.

You will work among a diverse and passionate team of professionals from various disciplines and contribute to projects that will have an impact province-wide.

The successful candidate will have a Diploma in Water Resources Engineering Technology or a similar discipline and be certified with Technology Professionals Saskatchewan (TPS) as a Professional Technologist (PTech or P.Tech) and 3 years of related experience.

This role is subject to a satisfactory criminal record check.

We offer rewarding career opportunities, competitive salaries, and a comprehensive benefits package.
